

Seasons change. Safety stays.

The Barum Quartaris 5 offers high safety
in all weather conditions and in every driving situation.

Barum. A brand of Continental.

Barum 

Good tyres. Good deal.

Quartaris 5

Barum Quartaris 5: High safety in all weather conditions.

Good braking performance on snow.

Numerous gripping edges, many sipes in the centre of the tread and additional sipes in the shoulder blocks ensure safe driving and short braking distances on snow-covered roads.

Precise handling in dry conditions.

A stable tread block structure in the shoulder and ideally positioned connecting bars between the tread blocks result in precise handling and short braking distances on dry roads.

Effective protection against aquaplaning.

Wide lateral grooves combined with two circumferential grooves ensure safe driving on wet roads and effectively protect against aquaplaning.
