## BRAVURIS 6

# WHY SHOULD I CHOOSE BRAVURIS 6?

Because you don't know what you'll encounter on the road. It's enough if your tires do. The new BRAVURIS 6 summer tires are designed to deliver well-balanced performance on all your drives. With lower noise levels, reduced rolling resistance, and higher mileage, BRAVURIS 6 offers a comfortable and enjoyable ride all summer long. See why BRAVURIS 6 loves summer as much as you do.

### Superb dry performance

Every detail designed for maximum control. The larger tire surface and optimized tread pattern offer better grip, ensuring confident braking and handling on dry roads. With BRAVURIS 6, you can rely on a smooth, safe ride, even when rainy weather challenges your drive.

### High mileage

Longer-lasting, more sustainable. BRAVURIS 6 is designed to give you more kilometers on the road, thanks to its durable tread and integrated design. Good things are meant to last – that's why with Barum BRAVURIS 6 you can enjoy the ride even more, and not just for one season.

### Low rolling resistance

Designed for efficiency. BRAVURIS 6 features a new tread compound and optimized tire contour, ensuring smoother rolling and less tread deformation. The benefit for you? Savings on fuel or battery power, and reduced costs on the road.

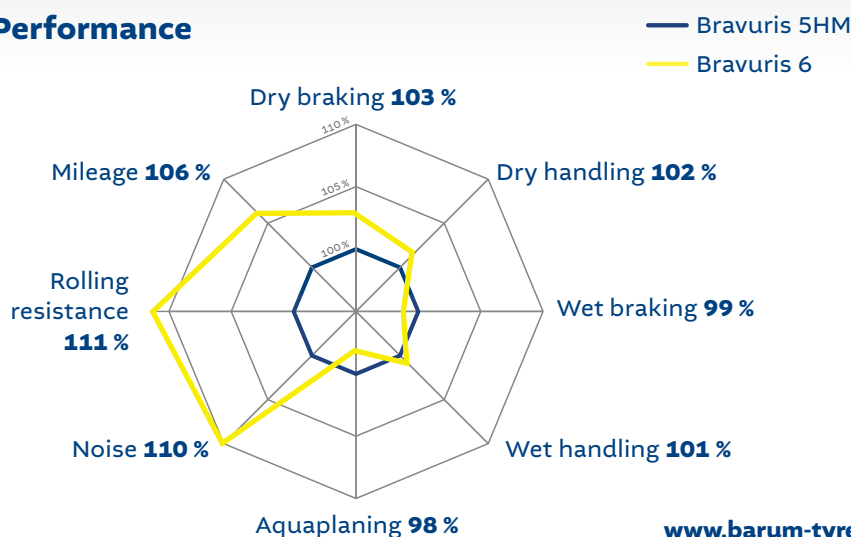

### EU Tyre Label

### Dimensions
