BARUM BF 300 R

WHY SHOULD I CHOOSE BARUM BF 300 R?

Because every kilometre counts when reliability drives your business.

The new **BARUM BF 300 R** truck tyres are designed to provide **excellent mileage**, **great wet performance** and **precise steering** – in all weather and road conditions. With **low rolling resistance** and the **option to retread**, they help fleets lower fuel costs while ensuring safe, comfortable and efficient operation mile after mile.

Long-lasting mileage

Go further with confidence. The new durable tread compound and optimized structure provide high mileage and consistent wear throughout the tyre's lifetime.

Low rolling resistance

Save fuel with every kilometre. The advanced tread design minimizes energy loss while driving, improving efficiency without compromising performance.

Great wet performance

Stay in control – even when the weather turns. Pocket sipes and optimized groove design deliver reliable grip and safe handling on wet and wintry roads.

Retreadability

Give your tyres a second life. A strong casing structure allows safe and efficient retreading, reducing total operating costs and extending tyre service life.

EU Tyre Label

* valid for tyre size 315/70 R22
